Welcome! My name is Shlomo (Momo) Lifshitz and in 2012 I founded the Lirom Language Center with the goal of providing students from all over the world the chance to study Hebrew, Arabic, Farsi or English while in Israel. My dream is to bring students – both young and old – from all over the world – to discover and explore Israel.

My 28 years of experience in the field of educational tourism to Israel have instilled within me a desire to help students of all ages discover Israel and explore the beauty of this country with their eyes, ears, noses and hands.

HEBREW

Think you'll learn Hebrew sitting in a classroom all day long? Think again! Israel is the only place in the world where Hebrew is the official language. So get out of the classroom and explore the streets with your instructor in our one-on-one Hebrew Immersion program! Each day will bring new experiences, explorations and adventure! Come study the oldest language still in daily use in the world today!

Why study Hebrew? Whether you are interested in the Biblical language of the Old Testament or want to spruce up your slang because you're into Start-Ups (and Israel has more per capita than anywhere else), there is no better place to learn Hebrew than Israel!

ARABIC

With over 20% of the world's population speaking Arabic, it's no wonder Arabic language instruction is on the rise. Israel is the only western democracy in the world where Arabic is the second official language – that means you can study one of the most sought after languages in the world in a nurturing and welcoming western environment. Our instructors are all experienced Arabic speakers and strive to provide our students with a true taste of the Arabic language – that means strolling the streets, visiting the local shuk (market) and even exploring Arabic-speaking communities!

FARSI (PERSIAN)

Did you know that Israel is the only democratic country in the world that teaches Farsi like it's taught in Iran? The highly qualified native Farsi-speaking instructors at the Lirom Language Immersion center will give you an in-depth understanding of the Farsi language and history and will provide you with the unique opportunity to engage, discuss and explore Persian communities in Israel. Whether you are interested in a career in homeland security or have a desire to understand the ancient culture of the Persian Empire we will give you the chance to study it.

ENGLISH

Visiting Israel and want to improve your English? You're in luck! Israel has a blossoming Anglo-speaking community where students can experience, learn and internalize the language beyond the classroom. With Israel being a melting pot for all cultures, we're guaranteed to find an instructor that will teach you the language, culture and nuances of the English speaking country of your choice! With private instruction at times and places that suit you – studying English has never been easier!
